## The Lightning Thief

The beginning story of the Percy Jackson and the Olympians chronicles begins with a 12 year old child delinquent at Yancy academy but things soon turn for the worse when Percy learns his math teacher is a monster and his friend is a Satyr but most of all he is the son of the sea god Poseidon ! Traveling to Half Blood Hill and then the underworld to restore his father and his own honor and retrieve Zeus lightning bolt and stop world war three. A fun filled high action fantasy story it is rated by me as the book of the year.

There a book you want the Book Man to talk about ? To Zach C.
